

CELEBRATIONS POLICY

Rituals and traditions strengthen our partnership with children, families and community, bringing a sense of belonging to our Service. We believe that celebrations and cultural traditions need to be handled sensitively. The value in educating children, families and educators is fundamental to our inclusive program. Both the planning and preparation, and the events themselves, can be a satisfying and pleasurable experience.

‘From before birth children are connected to family, communities, culture and place. Their earliest learning, development and wellbeing takes place through these relationships, particularly with families, who are children’s first and most influential educators. ... Educators understand children may come from diverse backgrounds and acknowledge this in each child’s Belonging, Being and Becoming.’ (EYLF, V.2.0, 2022 p. 6).

PURPOSE

Incorporating celebrations into children’s services appropriately can be used to strengthen the partnership with children and families, creating a feeling of belonging and developing a sense of community amongst families, educators and children.

Celebrations provide an opportunity for children to develop respect for diverse values and beliefs as they learn about practices, which are different to their own. To ensure we are providing an inclusive program and environment, it is imperative to recognise the array of celebrations, both religious and worldly, that take place throughout the year in our community and to have an understanding of, and respect for, cultural diversity in our services.

SCOPE

This policy applies to children, families, staff, educators, management, approved provider, nominated supervisor students, volunteers and visitors of the Service.

IMPLEMENTATION

Under the *Education and Care Services National Regulations*, an approved provider must ensure policies and procedures are in place to provide a child safe environment. When providing opportunities for children to celebrate special occasions incorporating food or beverages, consideration must be made to ensure children with medical conditions that can be impacted by food are clearly identified and risk minimisation plans are in place and educators and staff implement these plans.

THE APPROVED PROVIDER/MANAGEMENT/NOMINATED SUPERVISOR WILL ENSURE:

- educators, staff, students, visitors and volunteers have knowledge of and adhere to this policy
- families are aware of this *Celebrations Policy* during their orientation process and kept updated throughout the year via centre correspondence
- the National Model Code guidelines are understood and adopted within the Service including:
 - embedding the National Principles for Child Safe Organisations and creating a child safe culture

- to incorporate relevant, culturally based experiences and celebrations within the children’s program which address different learning opportunities, including: fostering a sense of belonging and inclusions for every child, family, and staff member; increasing children’s understanding of, and respect for, diversity, similarities and differences; raising children’s self-awareness and confidence, providing for children’s holistic development and supporting a positive identity for every child and family (EYLF, 2022).
- cultural responsiveness is evident in everyday practice as educators respect multiple cultural ways of knowing, doing and being as they celebrate the benefits of diversity
- special occasions are celebrated in ways that recognise, respect and strengthen children’s appreciation of diversity and difference
- religious celebrations such as Christmas and Easter are recognised within the Service and reflected in our programs
- cultural celebrations that are significant to our families and relevant to our broader community are implemented within the Service when possible
- stereotypes about particular celebrations/cultural events are not assumed
- Mother’s and Father’s Day is celebrated at our service - sensitivity to issues such as family composition is respected
- Birthdays are celebrated at our service - families’ beliefs about celebrating birthdays are respected within the Service
- Cupcakes or muffins are welcome at our service for birthdays! Even encouraged! Please provide ingredients of any cakes brought to the Service (if store bought, the ‘use by’ date and ingredients must be clearly labelled)
- healthy options for birthday celebrations are discussed with families which may include fruit platter, fruit salad, watermelon balls or muffins in preference to a cake
- educators are aware and will endeavour to make alternate arrangements if families would prefer that their child does NOT participate in such celebrations
- if this is the case, we will respect the rights and feelings of this child and will provide an alternative experience for them to participate in so that they do not feel that they are being left out
- the Service has an ‘*Events Calendar*’ that is used to support such events throughout the year. We ask that families add their celebration to the calendar so educators can prepare the program.
- families are encouraged to be involved in the preparation and/or the celebration in the Service

- educators remain current with the professional knowledge and skills that support planning for and engaging in culturally inclusive practice
- they liaise and collaborate with our local Aboriginal educational consultative group to provide advice on relevant cultural celebrations and correct protocols to be followed (e.g., NADIOC Week, Sorry Day, National Reconciliation Week)
- safety issues are taken into account prior to the implementation of celebratory experiences to identify, manage and minimise the risk of harm to children
- all requirements in our *Nutrition Food Safety Policy* are adhered to when planning for celebrations
- professional development is considered as a tool to assist to expand educator’s knowledge of cultural awareness and cultural celebrations.

EDUCATORS WILL:

- Discuss with the nominated supervisor/responsible person prior to any celebrations where food is provided to children
- identify any children with medical conditions that may be impacted by particular foods and if required complete risk minimisations plans/risk assessments to ensure children’s safety
- ensure food handling training has been completed (as required)
- ensure the use of candles is carried out with the children’s safety in mind and fully supervised.
- be aware of cultural tokenism and stereotyping
- encourage and support family members to be involved in sharing their customs and celebrations with our Service
- ensure children have the agency to make choices about the celebrations they would like to participate in, engaging families to give advice on customs
- ensure that children have the resources and time necessary to be able to celebrate effectively
- provide young children and toddlers with materials that reflect a significant event or celebration, which they have recently participated
- ensure that families who do not wish to be involved in celebrations have an option to not participate
- balance family values about receiving gifts and products from their children and educator’s values about avoiding product-based activities by developing creative and meaningful gifts for families
- provide opportunities for children to participate in open-ended celebration activities
- provide a flexible program that enables children to have agency about the activities in which they participate

- celebrate traditions and customs relevant to children and community
- ensure that the same amount of time and energy is dedicated to ALL celebrations
- invite educators and families to share their own personal experiences of celebrations
- ensure resources such as picture storybooks, images, and music are reflective of contemporary celebrations to which children can relate
- be respectful of all religions and cultural backgrounds
- participate in professional development to raise cultural awareness around cultural celebrations.

CONTINUOUS IMPROVEMENT/REFLECTION

Our *Celebrations Policy* will be reviewed on an annual basis in consultation with children, families, staff, educators and management.
